

QUALITY POLICY STATEMENT

ABCO's goal is to ***“provide customers with the highest standard of quality and value”*** in the provision of equipment and service in the following categories: Food Machinery, Marine, Environmental, and Industrial Fabrication.

Consistent with the above, ABCO endeavours to:

- Provide a stable and enjoyable workplace.
- Provide the funds to support future operations and company growth.
- Reward our people for their efforts.
- Reward stakeholders for their investment.

ABCO is committed to the continual improvement of its performance by the monitoring of quality issues and through involvement with customers, suppliers, regulatory authorities and the community.

Compliance and improvement are monitored by process measures and internal audits and is maintained by the timely implementation of preventive and corrective actions.

Meeting these standards is the responsibility of the entire team. ABCO is therefore committed to working with all stakeholders to support effective operation of the company's **Quality Management System** and the achievement of goals and specific quality objectives.
