

Accounting Manager

Role Intro:

Reporting to the VP of Finance, the Accounting Manager's primary responsibility is to provide assistance in all accounting related processes, analyses and reporting.

This is a full-time, on-site role. The Accounting Manager will be responsible for managing financial statements, performing analytical tasks, handling journal entries, overseeing finances and managing fixed assets on a day-to-day basis as well as general supervision of the accounting and administrative team.

Company Intro:

Situated on the harbour of the UNESCO World Heritage town of Lunenburg, Nova Scotia, ABCO Industries Inc. (ABCO) is a world-class supplier and manufacturer of engineering metal products with historic roots dating back to 1947.

ABCO operations are housed in a 42,000 sq ft facility and currently holds four distinct manufacturing branches including Food Machinery, Marine, Environmental, and Industrial.

Each division is managed and supported by experienced, knowledgeable specialists. With 75 + years of experience, this locally owned firm remains committed to providing our customers with the highest standard of quality and value while ensuring innovative, customized solutions.

Requirements:

The ideal candidate will have a Bachelor's degree/diploma in Accounting or equivalent, a minimum of 5 years' experience in an accounting field similar to this position, and will be proficient in Microsoft Excel. Experience in financial forecasting/modelling would be an asset, as would a CPA certification. The individual must possess good time management skills and the commitment to meet deadlines; will be highly motivated, innovative and well organized; have strong communication, problem-solving skills and work ethic; have a strong commitment to teamwork, leadership skills, and have excellent analytical skills and attention to detail.

ABCO offers a competitive salary and benefit package and excellent working conditions.
